A Message of Gratitude

Opportunity is a product of vision, planning and effort. Dreams become reality with desire, commitment and effort. When these paths intersect, lives can be affected in ways both large and small. In the case of the patrons of the Paralyzed Veterans of America Great Plains Chapter, it may be a child that uses a motorized wheelchair with specialized guards to play power soccer, or an adult working out in the Adapted Health and Fitness Center. To any regard, the ability to fulfill a dream and provide previously unavailable opportunities and experiences for these individuals has become a reality due to the commitment and support of many golfers, individuals, businesses and corporations involved with our event since 2003.

Our **Wheel of Fame**, honors the significant participants that have played major roles in helping make our event the success it is today. Through their consistent support and commitment, our event has enjoyed tremendous growth and success over these past years!

Our heartfelt gratitude is expressed not only in a thank you, but also in the smiles and enjoyment our members receive thru the fruits of your support!

Thank you for your participation today, and if you happen to see one of our Wheel of Fame members, please thank them as well!

Dan Kofel

Becker Trenching

Becker Trenching's reputation is built on a foundation of unmatched expertise and unwavering dedication to excellence. Our team, composed of seasoned professionals and industry veterans, is committed to delivering the highest quality service and solutions to our customers. Regardless of the complexity of the project, you can trust that we possess the knowledge and skills necessary to address and resolve any utility issue swiftly and effectively.

Our specialization in storm sewers, sanitary sewers, and fire and domestic water lines allows us to tackle diverse challenges with precision and reliability. As licensed plumbing contractors, we assure you that every task is executed to the highest standards of safety and quality.

Being a family-owned business has afforded us a unique connection to our community. We take immense pride in our local roots and strive to make a positive impact through our work. Our commitment to the Omaha area spans over 36 years, during which we have built enduring relationships based on respect, generosity, and trust.

Our customers consistently recognize Becker Trenching for our honesty, relentless work ethic, and adherence to the Golden Rule. This dedication has earned us an A+ rating from the Better Business Bureau, a testament to our promise to treat every client with the utmost respect and integrity.

In all our endeavors, we draw strength from our faith in Christ, embodying the values of honesty, commitment, and service. Our underground utility work caters to a diverse array of municipalities, corporate clients, and developers. Despite the varied scope and scale of our projects, our unwavering competence and dedication to customer satisfaction remain steadfast.

At Becker Trenching & Water Inc. we are staunch supporters of our military and express our profound gratitude to all service members. And we are honored to be able to support our Paralyzed Veterans of America (PVA).

RW Engineering & Surveying

In 2012, the late Steve Oltmans invited Russell Falconer and Mat Nisotis from Team RW to join him in the playing in the 8th annual, Tee off and Support Wheelchair Sports golf tournament. Walking away from that tournament, both Mat and Russell were so impressed by the event and the smiling faces of the volunteers that they vowed to help make the event even better. They immediately found Dan Dolezal and asked him how they could help. In 2013, Mat & Russell joined the Golf Planning Committee and never looked back.

Established in 1980, R.W. Engineering & Surveying, Inc. has built a reputation for excellence in land surveying and advanced surveying technologies. With offices in Omaha, Lincoln, Des Moines, and Council Bluffs, they serve a diverse range of clients across the Midwest, delivering high-quality services that include mobile LiDAR scanning, 3D laser scanning, aerial LiDAR, GIS, 3D machine controlled modeling, construction surveying, and civil engineering.

Their team of experienced professionals, including FAA-certified drone pilots, licensed land surveyors, licensed civil engineers, is dedicated to leveraging the latest technologies to provide accurate, efficient, and reliable survey data. They prioritize safety in all their operations, ensuring that their methods and practices protect both their team and the public.

WHEEL OF FAME

Honoring businesses and individuals who have shown consistent and considerable support for our Tee Off & Support Wheelchair Sports golf tournament over its lifetime.

Thanks A Million!

We have surpassed \$1 million raised over the lifetime of this tournament to support our Adapted Sports & Recreation Program! This program has had a significant impact on the lives of our veterans, as well as adults and children in our community living with a disability. For some, the programs we offer have been life-changing.

THANK YOU for helping us make a positive impact on our community!

WE WANT TO HEAR FROM YOU!

Please email vazquez@greatplainspva.org to share your comments about our event. Your feedback is appreciated!

Paralyzed Veterans of America

Great Plains Chapter

7612 Maple Street, Omaha, Nebraska 68134-6502

Paralyzed Veterans of America Great Plains Chapter is a non-profit organization that has dedicated over 50 years to helping paralyzed veterans and their families, as well as other children and adults with disabilities.

Mission

Great Plains PVA is dedicated to improving quality of life of paralyzed veterans and other individuals living with a disability.

Great Plains PVA is committed to:

- Honoring our Nation's Paralyzed Veterans
- Advocating for Effective Health Care & Benefits for Veterans with Spinal Cord Injury/Disease
- Monitoring Federal & State Legislation Affecting People with Disabilities
- Improving Quality of Life Through Greater Independence & Social Interaction
- Creating Equal Opportunities in Sports & Recreation that Enhance Lifetime Health & Fitness
